Dear Valued Customers:

Thank you for choosing us for your building material needs. We would like to inform you as of 1/6/18, we will be **closed on Saturdays** going forward to give our staff extra time with their families during the winter months. I would like to apologize in advance for any inconvenience this may cause, we will re-evaluate our weekend hours in the spring of 2018 to meet all of our needs.

Sincerely,

Todd Scoville

Commodities Update:

- Looks like the drywall price scheduled for early January will go through-around \$.03/SF.
- The fiberglass increase this January is in effect, although not quite as high as originally announced.
- Steel Stud increase is somewhat questionable as to whether it will go through. We'll know for sure in the next week or two.
- Dimension lumber has been in a downward direction on most all species, although not significant drops.
- Panel products- OSB prices have dropped very noticeably and seem to have settled to more reasonable levels, while SYP plywood has been up one week and down another- nothing consistent.
- Georgia Pacific has announced an increase on vinyl siding of 10% effective January 1, not that we'll be selling much product for a few months.

Quote to Think About:

"The new year lies before you like a spotless track of snow. Be careful how you tread on it, for every mark will show."

Ine Braat

Brain Builder:

See if you can figure it out!

Fun with sums:

Write down the number of the house you live in. Now double it. Add 5 and multiply the answer by 50. Next add your age. Now add 365. From the sum you now have to subtract 615.

You will find, in the results, that your house number is on the left and your age is on the right.

Words Worth Reading:

It is true enough that we could make the world more just, equal, and peaceful, but something holds us back, in all our complicated fear and human hesitation. It's sometimes just plain hard to locate the will to be kinship even though, at the same time, it's our deepest longing. So no matter how singularly focused we may be on our worthy goals of peace, justice, and equality, they actually can't happen without an undergirding sense that we belong to each other. Seek first the kinship of god, then watch what happens
